

Managed Service Provider (MSP) Program

ENGAGE IN AN OPTIMIZED STAFFING STRATEGY DESIGNED TO LOWER YOUR OPERATING COSTS AND INCREASE FILL RATES

Designed for flexibility, our MSP program is a strategic staffing solution that allows clients to outsource their day-to-day management of temporary labor to a specialized team at Jackson Therapy Partners. The customization inherent in our MSP model provides leadership teams with the tools and technologies they need to optimize their staffing strategies, improve their processes and set budget expectations.

Our 10 years of experience partnering with over 1,300 healthcare facilities nationwide empowers us with the unique ability to craft solutions that result in higher fill rates, improved quality of care and lower operating costs.
